

# The power to translate is now inside **Documentum!**

**Lingotek enables the creation and management of multilingual content inside Documentum.**

The Lingotek solution leverages People, Process and Technology. We have unparalleled expertise in web content, documentation, and software localization. We employ a proven translation and localization process. This, combined with our cloud-based translation management system, empowers enterprises to engage customers globally.

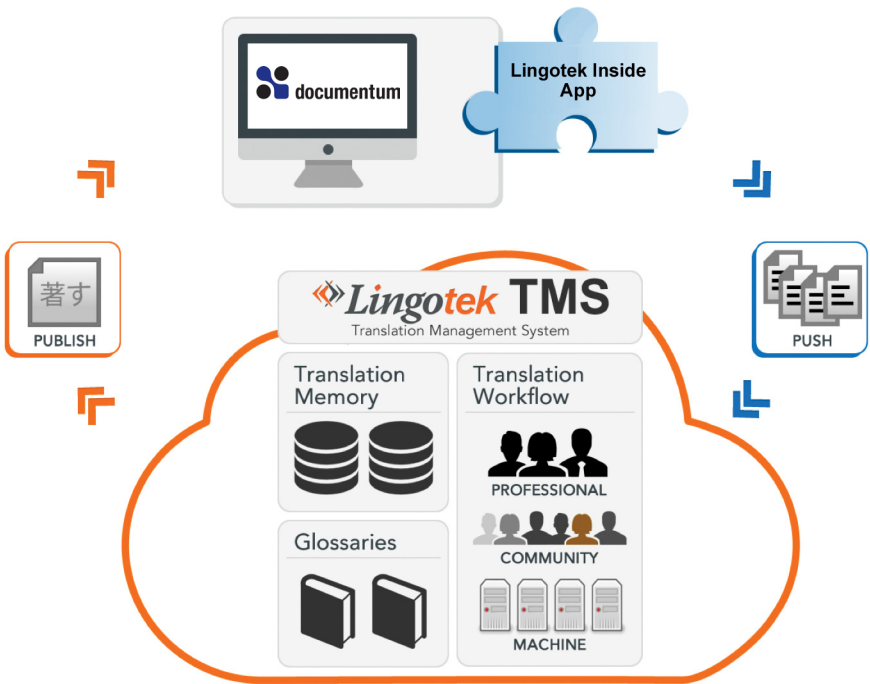

Our Lingotek - Inside Documentum module automates your translation and localization workflows while improving language consistency, cutting costs, and maintaining your brand in foreign markets in a quick and efficient manner.

- » Cost Savings
- » Faster Translation Turnaround Times
- » Higher Quality and Consistency
- » Real-time Monitoring
- » Eliminate the Copy/Paste Method of Translation
- » Increased Sales
